Dear Sir,

**Subject: Glimpses of advancements at Sakar Healthcare Limited.**

- 1) As per the Object of the Issue planned and communicated, the process of **Installation of Lyophilizer** has been done at the plant site in March 2017, followed by successful completion of batch testing. This has laid the platform well set for the team to initiate commercialization of lyophilised products from early next month. The class of lyophilised products targeted for phase wise introduction includes proton pump inhibitors, antimicrobials, antiulcerants.
- 2) There has been a successful **renewal of WHO GMP certification** for the manufacturing unit with validity extended upto 14.02.2019.
- 3) Pre-inspection process for **EU GMP Pre-Inspection** is currently under progress, as Sakar aspires to foray into regulated markets with existing product basket.
- 4) There has been successful advancement with dossier submission and approval from countries of operation, increasing the number of **registered products from 120 products within 20 countries to 162 over 23 countries.**
- 5) Acquiring of **Marketing Authorisation for European Union** is under process to enable presence followed by commercialization in regulated countries.

You are requested to kindly take the same on your record

Thanking You.  
 For, **Sakar Healthcare Limited**

  
**Pratixa Seju**  
 Company Secretary
