India leading digital transformation race: Microsoft's Anant Maheshwari

Bengaluru, In a renewed push for Artificial Intelligence (AI)-driven Intelligent Cloud and Intelligent Edge use cases in the country, Microsoft India on Wednesday said there is highest penetration of AI skills among the workforce that will fuel digital transformation in the country sooner than thought.

"A tectonic shift is happening in AI. Nearly 85 per cent of enterprises globally will use AI in some form or the other by 2020. Indian firms are now fast catching up," Anant Maheshwari, President, Microsoft India, told reporters at the company's flagship Media and Analysts' Day here.

Nearly eight per cent of GDP components in India

are currently impacted by digital technologies and by 2021, 60 per cent of those will be impacted.

"Almost every sector is becoming digital and that transformation is impacting every company in India," stressed Maheshwari.

Today, 97 per cent of the top banks, 75 per cent of the top retailers, 81 per cent of the top auto firms, 75 per cent of the top pharma players and 67 per cent of the top healthcare firms are Microsoft's customers in India. Wipro, Future Generali, L&T Technology Services and Apollo Hospitals are some of the key customers. "With over 9,500 partners, nearly 3,000 Cloud partners and 88 own IP-ready partners, we are ready

to unlock the full potential of AI, Cloud and data for the Indian firms," stressed the Microsoft India President.

Over 700 AI-driven enterprises in India today are driving businesses with New Age technologies.

Driven by Intelligent Cloud, Intelligent Edge and spurt of data, AI and its growing use cases are set to change the game.

Microsoft currently has 54 Azure Cloud regions — more than AWS and Google combined. "We will continue to work closely with the countries when it comes to data localisation. India already has three Azure regions which shows how serious we are for keeping data within the boundaries," said Maheshwari.

YES BANK signs MoU with Kia Motors

Bangalore, YES BANK, India's fourth largest private sector Bank, signed a Memorandum of Understanding (MoU) with Kia Motors, world's eighth largest automaker, to enter into a strategic financing partnership, making it one of the first Indian banks to become their preferred financier. The benefits of this partnership will be extended to the entire auto value chain - Auto dealers as well as customers, covering multiple car models offered by Kia Motors India.

Kia Motors is set to enter Indian market by second half of 2019 with an all-new mid-SUV which was previewed at 2018 Auto Expo. The partnership will utilize YES BANK's capabilities to provide a comprehensive range of attractive financing options for Kia

Motors' customers in India, helping support the company's continued growth and expansion plans in different geographies.

Through the partnership, YES BANK will be able to provide end-to-end financial solutions to Kia Motors India. The Bank will offer financing and banking solutions to both the Kiacar dealers with products such as Term Loans, Cash Credit, Inventory funding etc. as well as the end consumers. The Bank will work towards satisfying the customers' needs through auto loans with easy monthly repayment plans best suited for individual consumers. Moreover, YES BANK will also leverage its chat bot based platform, YES mPower bot, allowing it to deliver superior customer experience with 1 min loan approval across all the theretail touch points. Speaking about the partnership, Pralay Mondal, Senior Group President and Head, Retail and Business Banking, YES BANK said, "YES BANK is pleased to partner

global auto manufacturer Kia Motors in India. The Bank has been working with various auto players to provide innovative finance solutions, thereby further strengthening our position in the competitive value driven car segment and also contributing to the growth of the segment in the country." "It is our endeavor to enhance the experience of our prospective customers and add more value to our dealer partners in India. The partnership with YES BANK will definitely set the benchmark of premium and hassle-free Kia experience. This partnership will empower our stakeholders and customers with financial products specifically tailored for them to facilitate their smooth entry into the world of Kia," said Kookhyun Shim, MD & CEO, Kia Motors India. "Kia Motors India aims at creating excitement in the automobile industry with best in class innovative solutions meeting overall needs of our partners and customers likewise," he added.

Business Brief

Microsoft to set up 10 AI labs, train 5 lakh youth in India

Bengaluru, Microsoft India on Wednesday announced to set up Artificial Intelligence (AI) labs in 10 universities and train five lakh youth across the country in disrupting technologies. The company also said it will upskill over 10,000 developers over the next three years.

"We believe AI will enable Indian businesses and more for India's progress, especially in education, skilling, healthcare and agriculture," said Anant Maheshwari, President, Microsoft India.

Microsoft AI today is fuelling digital transformation for over 700 customers and 60 per cent customers are large manufacturing and financial services enterprises. Over 700 partners have geared up to support the AI ecosystem, said the company.

Microsoft in December announced a three-year "Intelligent Cloud Hub" collaborative programme in India, for empowering institutes to skill students in AI and Cloud technologies. India is one of the first countries to have such a programme in which Microsoft will support selected institutes that have the best-in-class infrastructure, curriculum and content, onsite training for faculty and students, access for participating students to Cloud and AI services, developmental tools and developer support.

Siemens launches Digital Experience and ApplicationCenter for Machine Tools industry

Bangalore, With digitalization and the adoption of Industry 4.0 in manufacturing, training is more important than ever to keep employees' skills up to date with the latest in industrial technology. In support of this need, Siemens India has launched the Digital Experience and ApplicationCenter (DEX), a full-fledged testing, simulation and training center for the machine tool industry, in Bangalore. Spread across 9,000 square feet, the Digital Experience and ApplicationCenter allows machine tool manufacturers and users to experience the integrations of hardware with software solutions as well as that of the physical with virtual worlds.

Vijay Pratap Singh, Head of Motion Control business, Digital Factory, Siemens India, said "India is set to become a key player in the global machine tools industry and is likely to see substantial high-end ma-

Mr. Vijay Pratap Singh, Head of Motion Control business, Digital Factory, Siemens India at Siemens DEX Center.

chine tool manufacturing. With our Digital enterprise portfolio, we provide the foundation for the machine tool industry to adopt Industry 4.0 and move into digital manufacturing, from product design, planning, engineering, execution and digital services. Siemens Digital Experience and ApplicationCenter is a vital link in unlocking the potential of Industry 4.0 and enabling Indian Machine

tool manufactures to transform and set global benchmarks." Machine tool professionals can simulate and co-create efficient machining strategies, from machine design to engineering and commissioning, and improve productivity in real-world conditions using Siemens' digitalization portfolio. The end users can have their manufacturing processes optimized from the design stage to execution until

services of their final product. The facility also demonstrates the connectivity solution of shop floor to the top floor within the premises as well as MindSphere (cloud-based, open IoT operating system from Siemens).

Siemens Digital Experience and ApplicationCenter is equipped with machine tool solutions from Siemens and partners, including machine tool builders, probe manufacturers, tooling suppliers, CAD / CAM solution providers, etc.

The Center will support machine tool builders, dealers and educational institutes through knowledge sharing programs, application support, training and many such initiatives. Among the innovative features is a live demonstration of robots with SINUMERIK CNC controllers, which act as an interface for the robot for gantry, pick and place, robotic machining and other applications

Edutech firm Byju's buys US-based Osmo for \$120 mn

Bengaluru, Online tutoring platform Byju's on Thursday said it has acquired US-based learning platform Osmo for \$120 million (Rs 850 crore).

"After the acquisition, Osmo will continue to scale as a standalone brand as Byju's taps the company's physical-to-digital technology and content to expand and enhance its current offering," the city-based company said in a statement.

The firm, however, did not disclose the nature of the acquisition.

The acquisition will help Byju's international plans to innovate, explore and set benchmarks for tech-enabled personalised learning solutions, the statement said.

Osmo is a playful learning system which aims to create healthy

screen-time experience for children.

"With the integration of Osmo, Byju's will also look to offer a unique, customised, engaging and fun learning solution for younger kids," the company said.

Osmo's Chief Executive Pramod Sharma, along with the core team will continue to remain with the company post acquisition.

"Our vision is to make learning fun and engaging across age groups and geographies," Byju's Chief Executive Byju Raveendran said in the statement. "With this acquisition, we are expanding into a new age demographic of younger kids (age group three-eight)," he added. The company said it is on target to triple its revenue to Rs 1,400 crore in 2019.

Singapore's Scoot airline to expand service in India

Chennai, Low-cost airline Scoot, a part of the Singapore Airlines Group, on Thursday announced the addition of three new south Indian cities — Coimbatore, Trivandrum and Visakhapatnam — to its global route map. In a statement issued here, Scoot said the three new routes are due to be transferred over from sister airline SilkAir.

Following that, Scoot will be the only airline operating direct non-stop flights from Trivandrum and Visakhapatnam to Singapore. "Flights from Trivandrum to Singapore will commence as soon as May 7, and flights from Coimbatore and Visakhapatnam will start from October 27, all subject to regulatory approval," the statement said.

In India, Scoot already operates seven existing routes from Amritsar, Bengaluru, Chennai, Hyderabad, Kochi, Lucknow and Tiruchirappalli.

To commemorate the new routes, Scoot has introduced a major limited-time sale on flights from all its India points, including Trivandrum, Coimbatore and Visakhapatnam, from January 14 to 28 on its website. One-way promotional fares (inclusive of tax) begin from Rs 4,500 for Economy FLY, for trips to 27 cities in Australia, Indonesia, Thailand, Malaysia, the Philippines and Vietnam via Singapore.
